

STATUTORY AND OTHER OFFICES REMUNERATION ACT 1975

ANNUAL REPORT AND DETERMINATION

Chief Executive Officer and Co-ordinator General , Infrastructure NSW

REPORT:

1. On 19 July 2011 the Tribunal determined that the office of Chief Executive Officer and Co-ordinator General (CEO) of Infrastructure NSW warranted a remuneration level beyond the maximum of SES Level 8. The Tribunal continues to support this view noting the following:
 - Infrastructure NSW's responsibility to develop, coordinate and facilitate the Government's 20-year State Infrastructure Strategy and 5 year Infrastructure plan.
 - The critical role the CEO has to the successful implementation of the State Infrastructure Strategy. While the overall direction will be set by the Board of Infrastructure NSW it will be the CEO who will need to ensure the successful coordination, progress and delivery of infrastructure projects.
 - As Co-ordinator General, the CEO is responsible for co-ordinating the input from all State agencies and the private sector to develop a consistent whole-of-State approach on matters relating to infrastructure, and responsibility for special projects that require statewide coordination.
2. The Tribunal has determined that CES and SES remuneration will be increased by 2.5 per cent effective 1 October 2011. For reasons similar to those outlined in the CES/SES determination the Tribunal considers that the 2.5 per cent is also an appropriate increase for the CEO of Infrastructure NSW.

DETERMINATION

Pursuant to section 24C of the *Statutory and Other Offices Remuneration Act* 1975, the Tribunal determines that the remuneration package for the Chief Executive Officer and Co-ordinator General, Infrastructure NSW shall be \$512,500 effective on and from 1 October 2011.
